

Guernsey has long established itself as a robust international finance centre. The Channel Islands are considered the gold standard for international wealth management and protection and also a robust alternative to mainland European fund domiciles for fund domiciliation, management and administration.

- Long established yet flexible and efficient regulatory framework
- Strong network of investor protection and double taxation agreements
- Efficient platform for fund distribution into the United Kingdom
- Competitive and extensive financial services sector with multiple global participants

OUR SERVICES IN GUERNSEY

Fund Establishment Support

Our team has decades of experience in compiling statutory documentation that suits client requirements for submission and approval to multiple regulators in their respective jurisdictions. Our multi-jurisdictional expertise ensures the greatest chance of success of approval for sale the home regulator. Our network of fund lawyers ensures that, if they are required, the work and associated costs are optimised for an exceptional fund launch experience. Our team also has extensive experience with the redomiciliation and restructuring of funds from out of favour or expensive jurisdictions. We assist with point-in-time or historical migrations of existing structures depending on client requirements. As part of our consultation process, an analysis of the intended asset classes will result in a recommendation for either an open ended, closed ended or hybrid fund structure. For closed ended funds, we support the structure through the entire life cycle from establishment to distribution and closure.

Integrated Fund Accounting, Asset Administration & Investor Services and Reporting

Our team has decades of experience in providing valuation, fund accounting, transfer agency and pricing (NAV) solutions to asset owners and servicers across a spectrum of asset classes and levels of complexity.
